

Personal Styling Services

Assessment - No Cost (15 minutes)

Know you need help but not sure where to begin? Pop into the studio to meet us and have a chat about your personal style and wardrobe, and which services would be most suitable.

Style Consultation - R400 (1.5hrs in-studio)

The first step towards developing your personal style is a consultation, during which we discuss your concerns, determine your needs and develop a plan tailored specifically for you. Together we assess your body shape and proportions to be able to make the correct style choices for your figure, and do a colour analysis to determine your best colours. Important factors also taken into account are your personality, lifestyle, career and personal style preferences, which will help guide us in developing your individual style. **Notes and a colour chart included.**

Wardrobe Consultation - R350 per hour (2-5hrs in client's home)

A truly liberating experience! This session might involve a ruthless clearout, or simply re-organising your wardrobe to maximize space and usability. We'll go through your clothing to decide what works and what doesn't, retiring the unflattering and out-dated to make way for the new. Emphasis will be on how to wear colour, solutions to your figure concerns with clever disguise tricks, wearing accessories to customize your style and learning how to mix and match to make the most of your wardrobe and create more looks with less clothing. During your session we will identify the gaps in your wardrobe and put together a list of pieces needed, according to your budget, to build a functional and coordinated wardrobe. **Notes, a personalised shopping list and colour chart included.**

Personal Shopping Service - R700 (1-2hrs) / R1000 (2-4hrs) / R1300 (4-6hrs) *most popular!*

The most enjoyable service by far - learn to shop cost effectively and efficiently with the help of a professional eye. Together we'll hit the stores and I'll show you where to shop, how to shop and what you should be shopping for. Expect truthful answers to questions like "does my bum look big in this?" and discover how to select styles that will have you looking and feeling fabulous and compliment your figure, personality and lifestyle.

Premium Shopping Service - R350 per hour

Ideal for those with neither the time nor inclination to shop - let me take care of the shopping and you can enjoy the luxury of fitting purchases in our studio or the privacy of your home. **Please note that this service needs to be booked in conjunction with a Style and/or Wardrobe Consultation for new clients. Does not include fittings.**

Private Shopping Appointments In-Studio - No Cost

Post Shopping Fitting - R350 (1.5hrs in-studio/client's home)

Shopping trips are best followed up with a fitting to incorporate new items into your existing wardrobe. You'll be given some fresh ideas and style tips to start you thinking differently and show you how to make the most of your gorgeous new wardrobe.

Special Occasion Styling - R350 per hour (in-studio)

Whatever the occasion, aim to turn heads when you arrive! After a quick consultation to discuss your needs and budget, we'll shop for an outfit, complete with shoes, bag and any other accessories needed to have you looking perfectly dressed and occasion appropriate. And to make sure you are the belle of the ball, a full in-studio make-up service is available.

Travel Wardrobe - R350 per hour (2-3hrs in client's home)

Whether you are going on a business trip or holiday, a well-packed suitcase can make your trip that much more enjoyable. Learn how to put together a versatile capsule wardrobe, consisting of coordinated separates and accessories that will maximize the number of outfits you can create and minimize the luggage you carry.

Maternity Makeover – R350 per hour

Pregnancy is a time when we should feel our most beautiful and feminine but many mums-to-be feel frumpy and large due to bad clothing choices. Starting off with a consultation to discuss your needs, I will then shop for a maternity wardrobe to carry you through your pregnancy and help you show off your bump in style. All purchases will be fitted in the comfort of our studio, and returns and size exchanges handled for you if needed, to ensure your styling session is a stress free experience.

Teenage Styling - R300 per hour

Tired of listening to your teenage daughter lament over having nothing to wear? A teenage styling session will alleviate the dreaded mother-daughter arguments over clothing and hopefully pave the way for a smoother relationship. The Session will include a style, body and colour analysis, followed by an accompanied shopping trip (with a pre-approved shopping list and budget). **Notes included.**
